

Let us tell you
about precision.

And devotion.

Kenneth Jonsson
Technical Manager, Sweden
One of our 20 technicians

We believe that in our business it's all about being accurate. At every stage of production. But there is something that measuring tools lack – soul and commitment. Two major ingredients in our work of **producing PCBs for demanding customers, on time, with zero defects, and at the lowest total cost.**

We are the NCAB Group. An 18-year-old Swedish newcomer to the UK market.
