Product Engineer HAMPSTEAD / NEW HAMPSHIRE / USA

We are looking for a Product Engineer for our Hampstead, NH location.

This is an exciting role where you will be part of our Quality/Technical team. You will assist the sales team and customers in reviewing design quote files. You will interact with team members locally and nationally. You will have an opportunity to grow in this role visiting customers and assisting in technical/quality meetings and presentations.

WHAT YOU WILL DO

- Prepare, complete and accurate data packages for assigned orders according to documented procedures and guidelines.
- Communicates with sales, customers, supply partners and NCAB Group USA employees.
- Supports requests for additional data or documentation from internal or external sources.
- Ensures data for ITAR Controlled product is sent to ITAR registered domestic supply partners only and handled in accordance with documented procedures and NCAB group and USA's ITAR Compliance Program.
- Communicates with other departments to resolve issues.
- Maintains documents and records according to the Control of Documents SOP.

WHAT WE REQUIRE

- Your strong PCB DFM, front-end engineering and manufacturing experience.
- Knowledge and experience in reading Gerber files, IPC 600.
- A professional demeanor and work ethic.
- Excellent Interpersonal, oral and written communication skills.
- Time management skills.
- Organizational skills.
- Ability to travel to customers locally and domestically.

WHO ARE WE?

We are **NCAB Group Inc.**, a global leader in the Printed Circuit Board industry. We live and work by Quality First, Strong Relationships, Full Responsibility and Environmental sustainability, all which are very important to us.

WHAT WILL WE PROVIDE FOR YOU?

- **An attractive** above industry **benefits, salary and bonus structure.**
- Health, Dental, Life and Vacation benefits start day one, no waiting period.
- An environment where you will be able to go and conquer and not be held back.
